

Attaché Masterclass: Payday Super Recording

Overview:

This recorded webinar will take you through the new payroll compliance requirement where you need to pay superannuation on the same day as the employees' pay day. Designed for new and existing payroll users, this session will take you through the update and the impacts of Payday Super with your regular payroll operations and how to get your Attaché Payroll system ready and compliant.

What do you need to know?

The course assumes confidence in Attaché navigation and that you have an existing understanding of payroll principles and system configuration.

Delivery Method

Recording is played via the GoTo platform.

Duration

1.5 hours.

What does this course cover:

Introduction to Payday Super

- Understand Payday Super and its impact on the current payroll operations.

System Review
