Payday Super Masterclass

Overview:

Prepare your payroll for the Payday Super changes taking effect from 1 July 2026. This webinar walks through the practical steps required to verify fund and member data, configure your system correctly, and ensure your superannuation processes are ready for the new obligations.

What do you need to know?

The course assumes confidence in navigation and the use of WageEasy, as well as an understanding of payroll principles and basic superannuation processing requirements.

Delivery Method

This webinar is delivered via the GoTo platform.

Duration

60 minutes.

What does this course cover:

Understanding Payday Super
- What Payday Super is and why it's changing.
- Key dates and compliance obligations.
- Impact on current payroll workflows.

Fund & Member Verification
- Key employee data to review.
- Checking fund details and USIs.
- Validating member numbers.
- SMSF requirements.

System Setup & Validation
- Identifying QE earnings in WageEasy.
- Validating ABNs for SMSF.
- Setting up creditors for payments and super refunds.

Resources & Support
- ATO guidance and reference materials.
- Access support channels and documentation.

Q&A
- Live questions from participants.

Course Outline

Objectives:

- ✓ Understand the Payday Super requirements and what changes from 1 July 2026.
- ✓ Verify that fund details, USIs, and member numbers are accurate and complete.
- ✓ Validate SMSF ABNs via and confirm SMSF setup requirements.
